

Applied Behavioral Strategies
Improving quality of life through effective intervention

**Date: March 15, June 7
or November 8, 2018**
Time: 1pm-5pm EASTERN

Ethical Issues in Behavioral Feeding

Using ABA to address feeding may pose several risks for behavior analysts. Practitioners should be aware of the possible ethical issues that could arise during the assessment and intervention process. The 2016 BACB Code of Ethics will be infused and applied throughout the training.

Highlights

- ◆ Intermediate content
- ◆ Online, live webinar for BCBA's and BCaBA's
- ◆ Learn from the comfort of your home or office
- ◆ Earn 4 Type 2 ethics credits for only \$100
