

Using Excel to Analyze FBA Data

Date: 10/25/18

Time: 1:00-4:00pm

Behavior Analysts often complete FBAs as part of their daily work requirements. At times behavior analysts are asked to complete FBAs as independent evaluators or as consultants to school programs. This webinar will teach you the skills to enter, analyze, and display your FBA data to include as part of your FBA report.
